Or Azaria, Full Stack Developer

azriaor@gmail.com | 0545617176 | <u>Linkedin</u> | <u>Github</u>

Summary

Full Stack Developer and former basketball coach seeking professional advancement
and meaningful contributions to the company's goals.

Experience

Willing App - Full Stack Developer, internship, 2023

- A social app that connects people who need help with those who can help.
- Responsible for developing an application using React.js and Node.js.

Hands-on experience

MarketPlace - B2C and B2B store product sales(On work)**.**

- Team development: The application was developed by a team, allowing for sharing knowledge and skills and creating a cohesive product.
- We handled any conflicts that may appear before committing and Pushing to GitHub, and each developer worked in a different branch.
- I learned about Tailwind when my team used it to build the UI for our web application. This experience helped me gain a better understanding of the framework and how to use it to create responsive and visually appealing UIs.
